

2. Restrictions on Dissemination or Use of Confidential Information

The “confidential information” shall be exchanged solely between the parties hereto and HM Acquisition (and the terms and provisions of this Order shall apply to and protect HM Acquisition.) All material described in Section 1 above as “confidential information” shall be maintained in strict confidence by the receiving party and used solely for purposes of this action and shall not be used by any person or entity for any business or other purpose whatsoever. The receiving party shall not disclose or permit to be disclosed any of the “confidential information” to any person or entity except as provided below.

Unless the party producing the “confidential information” provides prior written consent, the “confidential information” may not be disclosed to any person or entity other than to:

A. Counsel

Access to the “confidential information” shall be restricted to the legal and clerical staff regularly employed or specially retained by defendant, and who are actually involved in the preparation of this case. No copies of the “confidential information” shall be made except by or on behalf of the attorneys of record in this case. To the extent that any copies, abstracts, charts, summaries, notes or memoranda embodying the “confidential information” are made, they shall be treated as confidential pursuant to this Order.

B. Others

If the receiving party intends to disclose any of the “confidential information” to consultants or experts or retained by the receiving party, before making disclosure, the party must disclose the identity of the consultant or expert to the producing party prior to disclosure sufficiently in advance of the disclosure to permit the producing party to seek an order of the Court preventing such disclosure. No consultant or expert shall be an employee or a consultant of Health Midwest

or HM Acquisition, nor have acted as consultant for a competitor within the preceding twelve (12) months. If there is no objection to disclosure and/or if the Court overrules such objection the receiving party shall obtain an agreement in writing (in the form of Exhibit 1 attached hereto) from such person reciting that he or she has read a copy of this Order and agrees to be bound by its provisions.

3. Depositions

Any party or non-party giving deposition testimony in this action may designate as “confidential” that portion of his or her testimony which discloses or discusses any “confidential information” by advising the reporter of his or her desire to do so. Also, any party to this action may make such a designation. If such a designation is made, the reporter shall separately transcribe those portions of the testimony so designated, shall mark the face of the transcript accordingly, and shall submit the transcript under seal to counsel for the party taking the deposition. In addition, any deponent and/or any party may, within fifteen (15) days after receiving a deposition, designate pages of the transcript or exhibits thereto which contain or refer to said “confidential information” as “confidential”. Upon agreement of counsel for the parties, the entire transcript rather than the Confidential portion thereof may be marked Confidential for the sake of convenience.

4. Filing Confidential Information Under Seal

The “confidential information” described herein may be referred to in interrogatory answers, motions and briefs, and may be used at or in depositions and marked as exhibits in this action; provided however, that such “confidential information” shall not be used for any of these purposes unless it, or the portion of the court paper which discloses the contents of any such document, is appropriately marked and separately filed under seal with the Clerk of the Court.

5. Continuing Nature of this Order; Return of Confidential Information

No part of the restrictions imposed by this Order may be terminated, except by written stipulation executed by counsel for the parties to this Order, or by any order of the Court for good cause shown. The final determination or settlement of this action shall not relieve any person or entity, who has received any “confidential information” from the obligations imposed by this Order and the Court shall retain jurisdiction after such final determination or settlement for the limited purpose of enforcing the provisions of this Order.

Upon final conclusion of this matter, all “confidential information” and copies thereof shall be returned to counsel for the producing party, or destroyed. This includes any and all abstracts, charts, summaries, notes or memoranda embodying the “confidential information”.

6. Use of Confidential Information at Hearing or Trial

Subject to the Missouri Rules of Evidence, the “confidential information” described herein may be offered in evidence at any court hearing or trial in this action subject to such measures as the Court determines will protect the “confidential information” from public disclosure.

7. Miscellaneous

Nothing in this Order shall prevent any party from seeking modification of this Order or from objecting to discovery that it believes to be otherwise improper. A party may oppose the designation of a document as “confidential” by filing an application with the Court requesting an order removing the designation because the document was improperly designated.

Nothing in this Order shall be construed to limit the designating party’s use of its own confidential information, except that if the designating party makes a public disclosure of a document which was designated “confidential,” the document shall no longer be considered “confidential” for purposes of this action.

Nothing in this Order shall be construed to entitle the receiving party to any

document, thing or information from the producing party beyond what the receiving party would otherwise be entitled to pursuant to the Missouri Rules of Civil Procedure or to use any document for any purpose except as expressly permitted by this Order.

Nothing in this Order shall be deemed to preclude any party from seeking and obtaining additional protection with respect to the confidentiality of documents or other discovery material, or relief from this Order with respect to the particular material designated as “confidential” hereunder.

IT IS SO ORDERED.

Honorable Thomas J. Brown III
Circuit Court Judge
